

ASOCIACIÓN GRUPO SCOUT ERYTEEIA SVE / EVS

“SAVE THE PLANET”

Short term EVS

What...

Our short term EVS project consists in activities oriented to improve the respect, knowledge and culture about our coastal environment among the citizens, visitors as well as the participants of this project. We are planning to build a 20 volunteers team who will develop activities in our area such as:

- Environmental workshops at the beach. The volunteers will have the opportunity of work in recycling handcrafts using anything that can be find in our beach “[Camposoto](#)”. These workshops are oriented for children from 5 to 16y.
- Rebuild and cleaning of natural park areas. Our city “San Fernando” is located inside a coastal natural park and it’s our mission to collaborate to preserve the good condition of the environment
- Invasive rare plants. Another important task to help our local fauna to be healthy is the eradication of any foreign plant specimen that produces a “deforestation” of the natural species of the region.
- Water canal maintenance. To contribute to the natural sea level influence inside the natural park, it’s important to keep these water canal clean from any material that can be interrupting that flow. For that, the volunteers will use our association kayaks and perform a weekly cleaning in the park.

Where...

The project will take place in our city [San Fernando](#), south of Spain.

You need to know how much is your travel allowance, so check the different amounts depending of where you come from.

Who...

Our association is an NGO founded in 1999 based in San Fernando, located south of Spain. We are a Scout Group with very experienced leaders and where all people is volunteer. We work with children aged from 6 to 21y and divided according to their ages to have a better non formal educative purpose. We started in EVS in 2010 with our first volunteers. Actually we host a group of 3 volunteers in a long term EVS who will help to introduce the new EVS team in this short term project.

When...

The project activities days will start **August 4** and will finish **September 29**.
